The objectives of the Arizona Archaeological and Historical Society (AAHS) are: to encourage scholarly pursuits into the history and anthropology of the southwest United States and northwest Mexico; to encourage preservation of archaeological sites and historical properties; to encourage the scientific and legal gathering of cultural information and materials; to publish the results of these investigations; to aid in the functions of the Arizona State Museum; and to provide educational opportunities through lectures, field trips and other activities.

AAHS considers the following to be contrary to the Society's objectives and enjoins its members, as a condition of membership, to abstain from the following: the practice of collecting and dealing in archaeological materials for personal gain; the excavation of archaeological sites or historic properties without permit or permission; and the unlawful or unethical acquisition of archaeological or ethnographic materials.

For your records any portion of your payment over the basic \$60.00 membership may be tax-deductible.
